Welcome To Turtle Splash Swim School

Hi my name is **Nicole**

I created Turtle Splash Swim School purely down to the love of teaching children to swim and coming from a competitive swimming background myself I wanted children to enjoy swimming as much as I do. Our main aim here at Turtle Splash is to ensure that enjoyable and intimate swimming lessons are achieved whilst priding ourselves on high quality lessons at affordable prices.

Awarding Our Turtles

Achievement Awards

One thing we are extremely keen on at Turtle Splash is ensuring children are congratulated and awarded on every step of their swimming journey, from putting their face under the water, to doing their 1st jump into the pool, to doing a non-stop 25m swim. With your permission we also share your child's achievements on our Social pages, for you to share with friends and loved ones!

What Our Turtle Parents Are Saying!

So pleased to have Nicole back teaching our son Jaqson
Can't recommend her enough!

Charlotte Thompson

Highly recommend Nicole at Turtle Splash swim school! Our little boy is really cautious around new people, Nicole is lovely and hasn't pressured him to do anything he isn't happy with doing. She's been really patient with him and letting him adapt to his new surroundings.

Melissa Roberts

Our little turtle...!! Cannot recommend Nicole at Turtle Splash Swim School enough. 3 weeks ago Theo wouldn't jump in the water without being nervous, now we can't stop him from jumping in solo. He goes under water to find sinking fish and all within weeks. Well worth the time and effort put in by him and a great achievement with his certificate....

Tom Pets

Cooper had his first swimming lesson with Turtle Splash Swim School yesterday, before Covid he had a few swimming lessons elsewhere and unfortunately we haven't returned since due to him being nervous. We signed up here and I'm so pleased we did, Nicole was brilliant with him and he's so excited to be going back next week.

Don't Forget Your Swimming Hat?

sky Blue

Rose Pink

Our swimming hats are made of high quality Spandex material, soft and comfortable to wear. Excellent stretch ability make it feel the right size for your little one.

The swimming cap also provides protection for the hair while reducing the resistance of the water, by keeping the hair in the swimming cap, and can also be used for long hair.
